OLD OFFICIALS RETAIN OFFICES

A century from now a file of the advertising pages of the newspaper and magazines of today would provide a complete history of the customs and characteristics of the period. These advertisements record what the people are wearing, the problems of the day, current thought and the traits of the generation.

Pick up any issue of the family newspaper and there in word and picture is the story of the day. Preserve that issue and posterity a century from now can tell what the men and women of this generation wore, what their mode of transportation was, how they were amused and entertained. The advertisements have made the past an open book.

Picture the man in the year 2036 chancing upon a file of this newspaper for the year 1936. Turning to the advertising pages he would see arrayed before his eyes the styles in wearing apparel for men, women and children of one hundred years ago. He would see the types of automobiles in use and from the number of automobile advertisements he would deduce that the automobile was in great favor and universal use. By the same reasoning he would learn that the radio was in great demand, exceeding in popularity all other musical instruments.

The advertisements are also a record of economic conditions, revealing market prices and estimating the supply and demand.

For the discerning contemporary reader the newspaper advertisements afford more interesting and valuable information than he can preserve for posterity.

In the list of what may be called the chief characteristics of our present era may be found the assertion that this is an age when "nobody has any time." On this point practically all the observers and critics of our social order are agreed.

They draw their proof for this assertion from the ever-increasing speed of our means of transportation. A half hour reduction in the time it takes to go from Chicago to New York; a mile added to the record of the number per hour in airplane travel; a half hour gained in a trans-Atlantic trip—these are events that our hurrying age greets with joy. We have no time to dally.

Thus runs the lament of the critics. But is it a matter of grave concern? True, there was a time when men had more leisure than they take to themselves today, but we have yet

At The THEATER In Cameron

By C. W. GJEDDE

"THE WHITE ANGEL"

"The White Angel," First National's dramatization of the life of Florence Nightingale, comes to the Cameron Theatre Sunday and Monday August 2 and 3, with Kay Francis in the stellar role.

The story of this wealthy English girl who renounced a life of social frivolities to become a war nurse and laid the groundwork for what subsequently became the Red Cross, is filled with absorbing drama, tragedy and romance.

Donald Woods plays the part of Miss Francis' lover, whom she rejects to serve her country, but who later joins the forces at the front and dies on the battlefield in her arms.

Billy Mauch, noted radio star, who played the part of Anthony Adverse as a boy, is one of the leading characters, a drummer boy in the British army whom Florence Nightingale saves from death.

ALLRED VICTORY IN FIRST PRIMARY SURE RUNOFF IN TWO STATE RACES CERTAIN

Governor James V. Allred was re-elected Governor of Texas as the nominee of the Democratic party in the primary election on Saturday July 25 polling over 500,000 votes as the total cast in Texas neared the million mark.

Governor Allred won a clean majority of almost 40,000 votes over all opponents setting an all time record in Texas. There will be no run-off primary in the race for governor.

Allred did not fare as well in Milam county as was expected. He received less than 50 per cent of the votes cast. Tom Hunter ran second and in the state was second to the governor.

Frank S. Morris of Dallas will be in the run off with Ernest O. Thompson of Amarillo for railroad commissioner and J. E. McDonald and George B. Terrell will run off for commissioner of agriculture.

DR. NEWTON IS FIRM FOR FARM PROGRAM

The increasing importance of state participation in a permanent government farm program for the protection of farmers and their products has directed special attention of the farmers to those who are selected as their representatives in the Texas Legislature.

It is highly important that those who serve in the Legislature be in full sympathy with a program for better conditions for American agriculture.

In this connection it is most gratifying to state that Dr. W. R. Newton, candidate for the State Senate from the 13th district has at all times shown an active and sympathetic interest in the Federal farm program and now stands committed to any program that may be projected by the state or full co-operation with the national government for the betterment of farming.

Dr. Newton has co-operated in every way with the program; has

Saturday August 1st is the last date on which transfers can be legally made from one school district to another, it was announced from the office of the county superintendent Wednesday.

PRIMARY VICTORY FOR KEMP, BONDS, WOLF AND CAMP

There will be no new faces in the official family at the Court House.

Voters of Milam county went to the polls on Saturday and re-elected every incumbent and with one exception by substantial majorities, thus indicating that long terms in office is no weight to carry in a political campaign.

Bill Morrison, city attorney, who lost before the executive committee two years ago, ran within 20 votes of the nomination against Emory B. Camp whose record is an impressive classic. Disapproval of the action of the Democratic Executive Committee by the people gave Morrison an extra appeal and this race was the closest in recent years with the exception of the Assessor and Collector campaign two years ago when Henderson Walker lost to Bill Alex Bonds by 17 votes.

Penn Wolf, veteran, won his race against W. C. (Nig) Moody by an impressive majority, although Moody's strength in all sections was apparent. Mr. Wolf faced his first opposition in office in recent years, but came out with colors flying.

Roy Law who served ten years as tax collector and who ran for County Judge was beaten by more than 900 (Turn to page 8)

Newton Leads Field In State Senate Poll

DR. W. R. NEWTON

Dr. W. R. Newton had a commanding lead of more than 5000 votes over Bert Ford, a poor second, in the race for State Senator from the 13th district, as complete returns were tabulated from the four counties of the district.

Doss Hardin of Limestone, almost nosed Ford from the second primary when he polled within two thousand votes of the McGregor candidate.

Although Ford has made no announcement for publication in Milam county, it was considered here that he would enter the run off on August 22nd. Ford was thirteen thousand votes short of the total polled by Newton and Hardin with 35,000 votes tabulated for the district.

Milam County gave Dr. Newton a majority of 4100 the largest majority ever given a local candidate in the history of the county.

TEXAS VOTE TOTAL MAY REACH MILLION

DALLAS, July 28.—The withdrawal of Lamar Seeligson, San Antonio, from the congressional race against Rep. Maury Maverick and the unexpected surge of votes toward the 1,000,000 mark quickened the fading interest primary in the Texas democratic primary.

Seeligson had been assured a place in the run-off contest against Maverick next month but said "sufficient voters" had indicated Maverick was their choice.

Total Now 983,408

A rush of votes carried the total tabulated by the Texas election bureau to 988,408, reported from 253 out of 254 counties, with but 188 complete. Bureau officials said they expected the vote to approach the approximately 1,000,000 votes cast two years ago.

Frank S. Morris of Dallas was certain of a run-off place against Ernest O. Thompson Aug. 22 in the election of railroad commissioner. Thompson is chairman of the commission.

Thompson Lacks Majority

Thompson was far ahead with 422,041 votes but could not muster a majority.

Governor Allred pushed his lead over the field in the gubernatorial race to 39,374 votes. He had 511,391; Tom Hunter, in second place, 226,423; Brooks 31,438; Fischer, 136,483;

ALEXANDER-FRAZEE

On Thursday morning at 10 o'clock Miss Minnie Lee Alexander of Selma, Alabama and Theodore R. Frazee of Del Norte, Colorado, were united in marriage in the home of Mr. and Mrs. B. M. Alexander in this city, brother and sister-in-law of the bride.

Rev. O. C. Acree, pastor of the Presbyterian church of Cameron, performed the ceremony which was a quiet and impressive event, with the single ring rites being used.

The wedding was performed in the living room of the Alexander home. Flowers of the season banked on and around the table in front of the living room window, formed a pretty background for the wedding. The bride and groom were unattended.

The bride, an attractive brunette, was attired in a powder blue traveling suit, trimmed in blue fox fur, with navy blue accessories and wore a corsage of pink Sweetheart roses.

This marriage unites members of two very prominent families. Mrs. Frazee has been a Selena, Alabama, girl since childhood. Prior to her marriage, she was employed with J. C. Penny in Alabama. The romance between Mrs. Frazee and her husband began in Del Norte, Colorado, where at one time she was employed with J. C. Penny in that state. Mrs. Frazee's grandfather was the late Colonel John Davidon of Faunsdale, Alabama. She is the daughter of Mr. and Mrs. J. M. Alexander of Selma, Alabama.

The bridegroom is the son of the late Mr. and Mrs. Finley Frazee of Creede, Colorado, who established the first mercantile business in Creede, Colorado, in 1876.

Mr. Frazee is with the Rio Grande Hardware Company in Del Norte, Colorado.

Mr. and Mrs. Frazee left immediately for their home in Del Norte, Colorado, and on their way will visit the Texas Centennial at Dallas and points of interest in New Mexico.

Present for the ceremony were: Mr. and Mrs. Robert Simmons, Mrs. J. M. Alexander, Mrs. William Tipton, Jr., and Miss Ettie Alexander and Margaret Rothner and Erwin Alexander of Dennison; Mr. and Mrs. B. M. Alexander and Joseph Alexander of Cameron.

**JOHN N. GARNER
DAY AT CENTENNIAL**

Austin, July 29.—As a tribute to one of Texas' outstanding sons, Governor James V. Allred has proclaimed August 5 "John Nance Garner Day," urging its observance by all Texans. The Texas governor also appealed to the residents of the state to converge upon Dallas on that day, which has been designated as Garner Day at the Centennial Central Exposition.

In his official proclamation Governor Allred heaped praise upon Vice President Garner and emphasized the Centennial year in honor of a distinguished son of Texas to whom he referred as "the greatest Vice President in the history of the United States."

"There is before us the opportunity of honoring a distinguished living son of Texas. His achievements and patriotic service to the State are worthy of a good share of the homage being paid the names of Sam Houston, Stephen F. Austin, Mirabeau B. Lamar, David Crockett and other Texas immortals," said Governor Allred in his Garner Day proclamation.

In his appeal to the patriotism of loyal Texans the Governor pointed out the distinguished record of Vice President Garner during his 34 years of public service from his election to Congress to the speakership and thence to the high office which he now holds.

I am both thankful and deeply appreciative of the splendid vote the people gave me on Saturday July 25th in my race for Clerk of the District Court. Although I was defeated for the nomination by a small majority your generous support of my candidacy removes all disappointment over the results.

To those who voted for my opponent I hold only the highest regard and friendship. After all it was the privilege of everyone to vote as they elected to cast their ballot. I will be deeply obligated and profoundly grateful in the future to have these my potential friends, give me their favorable consideration in every way possible.

Minerva Oilers In Softball League Win On Tuesday Night

The Cameron softball loop became a scramble on Tuesday evening before a cheering crowd when both the undefeated teams fell by the wayside.

The Enterprise team, considered by many to be the classic of the league, were outplayed in every department by the fast stepping Athletic Council, whose marked improvement is serving notice that they are strictly to be considered.

The Coca Cola team, the other top-notchers were taken in by the Minerva Oilers, who after a shaky start, caused partly by Dean's wildness, settled down to business and hit Denson's offerings to all corners of the lot, collecting 15 hits and 12 runs. Coca Cola scored 6 runs off Dean in the 4 innings he pitched, but were helpless before Cone, failing to get a hit off his delivery in the three remaining innings.

JOHN NANCE GARNER

A special proclamation by Governor Allred has proclaimed August 5th as John Nance Garner day, and the distinguished Vice President will be honored on that day by a tumultuous demonstration at the Centennial Exposition in Dallas. Likes the Navy and Reads The Herald

C. N. Weems of Cameron now in the United States naval training school at Norfolk, Virginia, writes an interesting letter to the editor of the Herald as follows:

Dear Sir: I am writing you in regard to your paper, through which for the last two or three weeks I have been able to keep up with the gossip, news, society, etc., that goes on in my home town.

I don't know of any one other than the Herald, who could be good enough to send it to me. So it may be that I'm thanking the wrong party, but I do not think so.

Let it be said here, that no matter where one travels, nor how much he likes to travel, it is the best feeling in the world to receive a letter from your mother, father, sweet heart (if you are lucky enough to have one) or just the news of what happens there. That is my opinion of keeping the home fires burning, as one might say.

Mr. White, it might interest you to know, also your subscribers, just how much Texas is thought of in other states. I have been in 22 states in the last six months and wherever I go and speak about Texas, everyone wish they could go there just to see its size and charm, or to take in the Centennial at Dallas. I, personally, know of several people from other states who are spending their vacation there. And wherever I go I give more praise to our wonderful state.

When I first received your paper, all my room mates wanted to know where it was from, and all wanted to read it, because all of us are from different states and we compare news, etc.

I enjoy reading about the coming election, which interests me even though I am having no part in it. Also I like to read the society column, the picture program at the the-

atre, and the surrounding country news.

I am starting my training for future service for our government, by taking the Naval Aviation course in Ordinance. I am hoping to make a record for myself in the U. S. Navy. I don't think there is a more honorable or wholesome way to get your education, which is by practical experience and by travel. I have not been on a battleship as yet, and I hope to spend my next year on my aviation course.

I sincerely thank you for sending me your paper, and I wish you a prosperous year.

Henderson Walker Moving To Waco For Home In Future

Henderson Walker, former county surveyor, and twice a candidate for Tax Assessor and Collector, announced on Tuesday that in the future he will make his home in Waco.

Mr. Walker following his retirement from the office of surveyor, ran within 17 votes of the nomination for the office of Assessor and Collector. He became a candidate again this year and was defeated.

For the past two years he has been a licensed land surveyor and has followed his profession. Friends here and in all sections of the county will regret to know that Mr. Walker is leaving Milam county.

One thing that makes the American speed up is the fact that he's three laps behind a charge account.

Keep a Good Laxative

Among the necessities of home life is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

FATHER COUGHLIN APOLOGIZES FOR CALLING PRESIDENT LIAR

DETROIT, Michigan, July 23.—An apology from the Rev. Fr. Charles E. Coughlin to President Roosevelt for use of the word "liar" he used in a reference to the President in a recent Cleveland address appeared Friday in the periodical Social Justice.

The statement said that while the priest highly respected President Roosevelt, "I deem it best for the welfare of our common country that you be supplanted in office."

Addressed to "Your Excellency," the statement reads in part:

"In the heat of civic interests in the affairs of my country and in the righteous anger at the developments that, it is my conviction, have contributed largely to want in the midst of plenty, I addressed to the President of the United States in a speech at Cleveland, Ohio, July 16, the word 'liar.'"

"For that action I now offer to the President of the United States my sincere apologies."

Continuing the statement said:

"I was one of the first and not one of the least to help you attain the presidency. My assistance was based upon Your Excellency's ability to perform. As my President, I still respect you; as a fellow citizen and man I still regard you highly, but as an

In Appreciation

To the many friends in Milam County and other counties of the 65th District who have so generously tendered to me their votes and support in the recent Democratic Primary Election for the office of Representative, I wish to take this opportunity to express my heartfelt thanks and appreciation for your vote which placed me in the run-off. To those who voted for the other candidates I offer the assurance that I hold in my mind no ill will or prejudice against them for they have but expressed their free choice for the candidate of their selection in the first primary, and now I believe the ones who voted for candidates eliminated last Saturday will cast their votes for me in the August run-off.

Feeling confident of victory in the August election, I want my friends to know that I am deeply indebted to them for their confidence in me and to assure them I will ever strive to show this appreciation.

Your vote and support is solicited in the second primary.

Henry G. Lehman

Of Lee County,

Candidate for Representative, 65th District, Milam, Lee and Burleson Counties.

To The Voters Of Milam County.....

To my friends who gave me such loyal support in my race for Representative I wish to express my sincere gratitude. I lost in the first primary, but gained in the knowledge that I have a host of as good and generous friends as ever marched with any man to an honorable defeat. It would seem that fitness for place, a progressive mind, and integrity of purpose do not get one far in Texas politics. It requires some other attributes of which I am wholly devoid. From the depths of my heart I thank every one of you. I won't forget. And for those who saw fit to oppose me I hold no ill will and have no word of censure.

Safeway Stores In Cameron Offering Better Bargains

An appeal to the Safeway Stores, Inc., and other chain food stores of the nation to aid in marketing of beef in the interests of cattle raisers throughout the United States has just been issued by the National Livestock and Meat Board and other livestock associations, it was announced here today.

Responding to this call for distribution assistance, Safeway officials have revealed that they will wage an aggressive farmer-consumer campaign during August to aid in stimulating a greater consumption of beef throughout the country.

Similar in scope and magnitude to the recent successful peach campaign conducted by chain stores, this new sales program for beef will be of direct benefit to more than 6,000,000 cattlemen in all parts of the nation, C. C. Kuhn, Safeway district manager for the Waco district, declared.

Joining the National Livestock and Meat Board in the request for distribution assistance were the National Livestock Marketing Association, American National Livestock Association and the Texas and Southwestern Cattle Raisers Association.

It was pointed out by officials of these cattle organizations that unless beef consumption is immediately stimulated the industry faces enormous financial loss.

"The entire situation was so serious that it could be remedied only by prompt and efficient action on a nation-wide scale," Kuhn said.

"The livestock leaders recognized the advantages and cooperative effort symbolized by the chain stores and

consequently appealed to them for immediate assistance.

"Safeway has been engaged for many years in waging just such farmer-consumer campaigns whenever any unit of agriculture was faced with a serious problem of marketing and distribution.

"We took a major part in the peach campaign and now we are glad to assist the cattle raisers of the country in effecting an equitable solution to their problems by waging this special program in their behalf.

"We hope to make millions of people 'beef conscious' and as a result stimulate an immediate increased consumption of this product."

Consumers throughout the nation will also benefit as a result of the campaign due to the prevailing beef prices which are estimated to be more than 25 per cent below prevailing prices a year ago, and more than 20 per cent below average prices over a 10-year period, it was stated.

"Peaches"

D. K. Hall has come forward with a bit of information about his peach crop that makes good news and gives us an insight into just how good fruit production was in this county this year.

Mr. Hall gave the publisher a peach weighing 13 ounces and measuring eleven and a half inches in circumference. The peach is from a seedling that came up in the Hall yard in 1925.

Mr. Hall has 6 of these trees and all are bearing. Three years ago the tree from which the peach brought to the Herald office was taken produced 10 bushels of peaches but of medium size. This year it produced three large baskets and all are large ones. Eighty of them make a bushel. It is a clingstone peach.

The editor has enjoyed an unusual treat this week. Friends are exhibiting fine peaches and none have been more attractive or better than the choice half dozen presented to us this week by Vince Lesikar. These peaches were taken from trees in his orchard in the Green addition to the city.

They were large freestone varieties and very red and delicious. The coloring was deep and the size compared with the largest specimens shown in Cameron this year. They weighed around a half pound each. To Mr. Lesikar goes the prize for producing the most beautiful as well as most delicious peach yet given to the Editor for tasting.

Our good friend, Joe Orsag of the Auditorium Earler Shop got in the peach show this week and ran the competition up a bit when he brought some fine Albertas from his orchard

in northwest Cameron.

These were the finest specimens of the Albertas yet seen in Cameron and were very delicious. Mr. Orsag was generous with the peaches and the publisher had several to eat. He believes this country is a good fruit region and would like to see more people engage in peach growing.

Competition in peach growing is getting keen.

Now comes J. L. Slaughter with a peach that weighs 14 ounces and measures eleven and a half inches in circumference. It was raised from a seedling that came up in the Slaughter yard in this city. The only objection that the editor can find is that Mr. Slaughter failed to leave the peach for testing. It was a fine specimen.

Miss Mary Frances Blaylock of Austin spent the week end with her parents, Mr. and Mrs. L. L. Blaylock. Mr. and Mrs. Giles Avriett of Austin were in Cameron over the week end.

Mr. and Mrs. Tom Hefley and son of Hearne visited her mother, Mrs. Lola Hearrell Sunday afternoon.

Miss Josephine Stiles is visiting in Austin.

Walter Ramsel, Edgar Wilson, Jno. Sapp, Bill Baskin and J. L. Barmore were among those from Cameron attending the ball game in Waco Sunday afternoon.

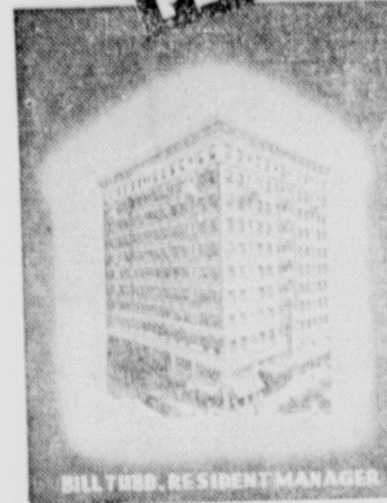

Miss Katherine Henderson of Austin visited her sister Miss Winnie Henderson over the week end.

John Mangum was in Cameron on Sunday visiting his mother and sister Mrs. George Graves.

signed up for acreage reductions on his land and has said on many occasions that it was a great day for farmers when President Roosevelt was elected and a program worked out to save agriculture. Dr. Newton wants farm products given the same consideration as other commodities and believes that the present farm program, while far from ultimate success, is rapidly bringing about permanent farm relief and will work for any worthwhile legislation to strengthen and make better conditions for farmers not only to produce their

crops but to market their cotton and other farm products under the best possible conditions.

No one now offering for public office is in a better position to know farm problems, nor is anyone more thoroughly in sympathy with the government program than Dr. Newton, because he was reared on a farm, lives in a farm country and owns a farm.

It has been a pleasure to have Dr. Newton's co-operation in the administration of the Federal Farm Act and it is with much interest that we note his intentions and pledge to stand by the farmers under all conditions and circumstances to the end that a stabilized program may be worked out with lasting and permanent benefits for Texas and American farming interests.

from all the precincts.

Chairman Judd G. Davis is to be congratulated on his system of handling early returns. John B. Henderson, secretary of the committee, assisted and on Monday morning the tables were copied from the boards and released for publication.

There are five major tables and individual tables covering all contested precinct races in this issue and carried to the reading public as usual on Thursday morning.

The Herald appreciates the cooperation of the committee and is thus able to carry the returns complete while it is still news.

It is to be understood these tables show an unofficial count. The executive committee under Mr. Davis will meet on Saturday as provided by law and make an official canvass.

Mr. and Mrs. Shelby Phillips of Thorndale visited in Cameron Monday.

votes by the ever popular Jeff T. Kemp who has held the office since 1922. Judge Kemp conducted a successful campaign, defending his record and advancing his service to the people in this office. Mr. Law sought to change existing disparities in the method of assessing property for taxation.

Bill Alex Bonds, veteran office holder, ran away from Henderson Walker to win by a large majority. Two years ago Walker ran within 17 votes of nomination, but was defeated by a much wider margin in the balloting last Saturday. Coming so close two years ago Walker followed up what he considered an advantage. He lost and won't offer again for the office. He has moved from Milam County to a new home in Waco and a position he hopes to make profitable. Mr. Bonds was asking for a second term in the office of assessor and collector. He was formerly tax collector, which office he held for a number of years being succeeded by Roy Law.

A run off will be held in the race for Commissioner of Precinct 1 between Walter Fuchs, incumbent and B. M. McMillion who was defeated two years ago in a run off with Fuchs.

To the People of Milam County

I offered for County Judge because I felt an obligation of responsibility, but the people have relieved me of that responsibility.

In the future my attitude will be that of co-operation and helpfulness.

I wish to sincerely thank those who worked so unselfishly for my election. Their only expectation of reward was the hope for the security of good government. The evidence of their friendship and confidence means more to me than public office.

Back Is Broken As Autos Crash

Jose Ramirez, 49, of Rockdale, route 3, suffered a broken back in an auto accident near the University airport in Austin Sunday afternoon.

Ramirez was a passenger in a car driven by Mrs. Matiese Hernandez, 27, of Caldwell, who suffered cuts on her head, and bruises. The other car was driven by Mrs. O. D. George of Biloxi, Miss., and the collision occurred when Mrs. George attempted to turn into a filling station, it was said.

X-Ray examinations of Ramirez at Seton infirmary at Austin showed fractures of two vertebrae, and physicians planned to place him in a cast. Monday they said his chances for recovery were good.—Rockdale Reporter.

Rockdale Man Slugged and Robbed

Slugged and robbed at the fair in Bertram last Friday night, A. M. Browning of Rockdale, is recuperating at his home this week. A billfold containing about \$15 and valuable papers was taken, Browning reports.

The Rockdale man was knocked unconscious near the fair grounds in Bertram, and is still unable to remember just what happened. He had been missing several hours and his wife and other relatives had been searching since about 10:30 Friday night, when he suddenly appeared crawling into the fair grounds about 2:30, and holding the back of his neck.

Mr. and Mrs. Browning returned to Rockdale immediately. Physicians said that he had apparently been struck on the back of the neck with some padded object, there being no wound, and is suffering from a slight concussion.

Browning remained in bed Saturday, but went back to work at his

service station here Sunday, and later in the day was overcome by heat. He is still confined to his bed and under doctor's orders will take a complete rest for several days, Mrs. Browning said.

His injuries are not considered dangerous.—Rockdale Reporter.

To the People of Milam County

Although I had no opponent in the Democratic Primary election held on last Saturday I desire to express my deep appreciation of the splendid vote given me for another term in the office of Sheriff of Milam County.

It is my desire to render the best possible service and to merit your continued confidence. I ask the co-operation of all the people.

R. M. Kennedy
Sheriff, Milam County

TO THE PEOPLE OF MILAM COUNTY

I want to thank each of you who by vote, word or act gave me the large majority I received at the polls last Saturday, July 25, 1936, for County Judge. I want to thank each individual who helped to nominate me.

I am proud of the trust you have shown in me and I want you to know that I appreciate your continued confidence. For the honor you have done me, you may expect my constant, courteous and experienced service.

Assisted by an able Commissioner's Court, your affairs will be given watchful care.

"Back to the very beginning,
Out to the undiscovered ends,
There is nothing worth the wear of winning
But the love and loyalty of faithful friends."

take the Heat Wave

"in stride"
with an
ELECTRIC
FAN!

New York, July 10 (INS).—This torrid heat wave can be "taken in stride" and with a minimum of discomfort by the application of a few simple rules, in the opinion of Dr. Charles F. Bolduan, New York City's director of health education.

Nowadays those small electric fans are so cheap they should be taken advantage of. Much of the depressing effects of hot humid air is due to the fact the air is not in motion. Without any change in the composition or temperature of the air, an electric fan will often make conditions "bearable."

Use of an Electric Fan is one of Dr. Bolduan's simple rules for

Summer Comfort

So turn on the fan! There's a size and type of fan for every room and purpose. See them. Buy them. Use them. Keep cool!... turn on the fan. Prices are low. Electricity is cheap.

Virginia Celebrates Patrick Henry Bi-Centennial

Gentry of Hanover, Va., gather to map out a scene in "Liberty or Death," a spectacular pageant which will be presented July 15, 16 and 17, marking the bi-centennial of the birth of Patrick Henry. Inset depicts Patrick Henry as a boy, when with hounds and gun he led many a chase over Hanover fields and woods. In the pageant, milestones in the life of the great Virginian will be dramatized. The story will include Henry's rise to immediate fame after his speech in a celebrated case known as the "Parson's Cause" when, as an obscure lawyer, he boldly denied the right of King George III to abrogate the acts of the colonial legislature. His famous "Give me liberty or give me death" speech, his career as a soldier in the Revolutionary war and his services to Virginia and the nation as governor and statesman will be depicted.

OUR TOWN

(Continued from Page 1)

to learn that in those days men had a greater abundance of either in social progress or in human happiness than we have today.

We can't deny that we are in a hurry, but as compared to more leisurely periods in history it isn't to be denied that we get things done. And after all that's what counts.

It might be worth while if those persons who are always looking for the "oldest man or woman living"

were to give a little thought as to what it means when they find such an individual.

Merely as an object of interest the oldest inhabitant deserves no more comment than the tallest man, the stingiest woman, or the most mischievous boy. These are traits or characteristics which bring little credit to him or to the community.

It is fullness of life we want; not mere length. Fortunate indeed is he whose years cover a long span of

life; but more fortunate still is he who can make these years count for something in service to his fellow-men. We do not begrudge the oldest inhabitant the years he has accumulated. But the individuals who seek to enlist our interest in him could more easily get it, if we could feel that they were unmindful of the words of the poet:

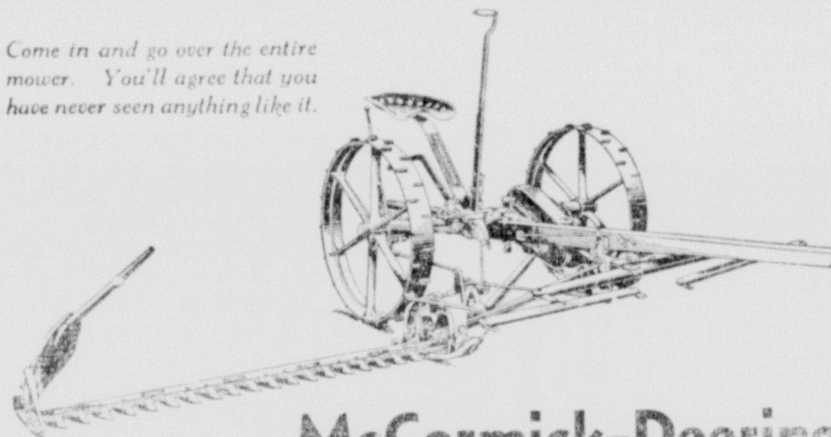

"We live in deeds, not years; in thoughts, not breaths; In feelings, not figures on a dial."

McCormick-Deering No. 7 Enclosed-Gear Mower

WE are anxious to have all of our friends see the New McCormick-Deering No. 7 Enclosed-Gear Mower. We think it is one of the finest pieces of farm equipment we have ever sold!

Everybody who has seen it says they never had any idea that a mower could be built as this one is.

For example: The entire operating mechanism, including drive gears, differential, and countershafts, is assembled compactly in an oil-tight gear housing and runs in a bath of oil. There are four high-grade roller bearings. Operation is so smooth and noiseless that you can scarcely hear the light hum of the sickle!

Special oil seals at the ends of the main axle and fly-wheel shaft, and the oil-tight gear box prevent leakage and protect all working parts against the entrance of dirt and other abrasive materials. Floating action of cutter bar provides ample play without disturbing knife registration.

Permits To Expire For Liquor Sales

Austin.—With all liquor permits expiring August 31, the Liquor Control Board this week began preparing for approximately 5000 renewals which are expected to add \$400,000 to the funds for old age assistance and

schools.

Along with explicit instructions on how to fill them out, application blanks are being sent out to all permit holders. Dealers and prospective dealers have been urged to fill out and return applications immediately in order to receive new permits by September 1.

Permit holders who already have a valid bond on file with the board may execute an enclosed "rider" which will be accepted in lieu of a new bond, and all applicants must comply with the law in regard to publishing notice of application in two consecutive issues of a newspaper.

Clippings of these notices must accompany the application, a requirement made of permit holders and new applicants alike.

In regard to beer, the instructions point out, that neither a wholesaler nor a beer-wine wholesaler is authorized to handle the beverage until he has first obtained a general or local distributor's license from the county tax collector.

A general distributor's license allows the holder to sell to local distributors and retailers in more than one county, but a local distributor's license restricts sales to retail dealers in a single county.

Attention is also called to the fact that applications must remain on file with the board for five days unless accompanied by a waiver of notice from the county judge.

"Applications are being sent out now in order to give all dealers plenty in time to get new permits before the old ones expire on August 31," said Liquor Administrator Charles R. Miller. "It is the sincere hope of the board that the dealers will lend their cooperation by returning applications as quickly as possible."

Administrator Miller said the new revenue would amount to considerably more than has been collected from permits so far since renewals means paying the fee for an entire year instead of only a portion of it as has hitherto been the case.

Three fourths of the estimated \$400,000 in new revenue will be assigned to the old age assistance funds and one quarter to the schools.

"EARLY TO BED"

Mary Roland and Charlie Ruggies make a sanatorium the scene of their honeymoon in their latest farce to-
gether, "Early To Bed," coming to the Cameron Theatre Thursday July 30. Charlie appears as a clerk for a glass eye company.

"THE BIG NOISE"

"The Big Noise," Warner Bros.' latest comedy-drama, dealing both of a personal romance and the thrill and glamor of big business, is scheduled

as a feature attraction at the Cam-
eron Theatre Friday July 31.

Guy Kibbee has the featured role, supported by Warren Hull and Alma Lloyd.

"LITTLE MISS NOBODY"

Bubbling with laughter and burst-
ing with song, roughish Jane Withers comes to the Cameron Theatre Tues-
day and Wednesday August 4 and 5 in her joyous new Fox hit, "Little Miss Nobody."

Featured in the cast are Jane Dar-
well, Ralph Morgan, Sara Haden, Harry Carey and Betty Hainey.

Jane is a mischievous, nameless orphan who wins "Trouble" for her first name. She tries—oh, so hard—to be good, but only succeeds in get-
ting in bad.

"THE FIRST BABY"

The first kiss was thrilling, the first year was fun, but the first baby really started things bubbling!

Telling a robustly real story about a couple of sweet youngsters and

their adventures in parenthood, the new Fox picture, "The First Baby," comes to the Cameron Theatre Sat-
urday August 1.

Featuring Johnny Downs, who was recently seen in Irvin Cobb's "Every-
body's Old Man," and Shirley Deane in the leading roles, the new picture is a true-to-life love story about young newlyweds, whose smallest worry is a baby boy, and whose big-
gest is "in-law" trouble.

"SONG OF THE SADDLE"

Dick Foran comes to the Milam Theatre Friday and Saturday July 31 in "Song of the Saddle."

E. A. Perrin, superintendent of Cameron public schools, left Satur-
day, July 25, to join Mrs. Perrin in Goliad. Mr. and Mrs. Perrin will re-

To The Voters Of Constable Precinct 3

I sincerely appreciate the splendid vote you gave me on last Saturday for Constable of Precinct No. 3.

I consider the vote I received a compliment in every way and the people of Precinct 3 may feel free to call upon me at any time. I hold no ill will toward those who saw fit to vote for my opponent and wish again to say that I sincerely appreciate the vote of each one who supported me.

This sprinter can't win races hampered by this outfit! Cheap, poorly refined motor oils are likewise hampered—by waste material—carbon, gum and sludge-formers—that should be removed by further refining.

Now he's less hampered—but not entirely free. Likewise, most 25c oils are rid of some excess waste material—but not enough. For until Gulf perfected its Multi-sol process, a thoroughly refined 25c oil was not available.

Here's the sprinter "stripped for action"—like GULFLUBE MOTOR OIL. Stripped of all excess waste by Multi-sol refining, Gulflube is the finest 25c oil in America! Actually premium quality oil, "all of it goes to work, none of it goes to waste." Try a filling—at the sign of the Orange Disc.

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This new Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-car and car-to-door at both ends. The railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

FARM CLUB NEWS

A \$21.88 clothing allowance will clothe the average 13 year old farm girl according to records of 4-H Club girls of Milam county. Since last August 78 girls have kept personal clothing expense records and at present shows an expenditure of \$1705.28 or \$21.88 per girl. This average is slightly above the estimated cost of clothing for the Texas farm girl.

In learning to sew a fine seam, 720 garments have been made and 307 others mended or renovated by 195 4-H girls in Milam County during the past year, climaxing to year's clothing work was the dress contest held during the 4-H Encampment on July 11, at which time 56 dresses were styled. A keen interest has been shown in clothing work which has resulted in 53 girls completing all clothing goals.

In making the best better, 108 clothes closets have been remodeled and closet equipment added by 4-H club members during the year. Sixteen new closets were built. In many cases these closets were papered, painted, shelves, rods or racks added. Using apple boxes, pipes, vehicle axles, scrap paper, paint and lumber, these improvements were made at little or no cost.

All 4-H club girls started the family orchard plot this year by setting out 12 berry or grape vines each. Aside from orchard work, these girls planted 15,750 tomato plants for the family canning supply and 60,482 ft. of other vegetables. A total of 3,473 quarts of products have been canned and 415 quarts canned, pickled and preserved, and 3,374 pounds vegetables stored dry.

Mr. and Mrs. Fred Reno are on an extended vacation.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pain disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.

Altwein Says Life of Drinking Brought Him To Prison Walls at age 27 Years

Arthur Altwein, 27, of Temple sentenced 20 years in the penitentiary in district court of Milam County on June 4, for the murder of his brother, Joe Altwein, 47, also of Temple, will accept his sentence on Wednesday July 29, it was stated by Sheriff Max Kennedy.

The homicide for which Arthur Altwein was convicted, occurred in Milam County on the San Gabriel river on May 3, at a fishing party.

Several days ago, Altwein attempted to take his life by swallowing poison. He had been using potassium permanganate tablets for athlete's feet. Following a request from his estranged wife for a divorce Altwein in a despondent mood, called Frank Richards, Cameron jail keeper to his cell and showed him three of the tablets which he had mashed up and told Richards he was going to take them. Before Richards could unlock the cell and get to Altwein, he had swallowed the tablets. Doctors reached Altwein in a few minutes after he took the poison.

On Sunday afternoon, Altwein wrote a letter to Rev. J. P. Pecorino of the Tabernacle church at Lexington. Rev. Pecorino has preached at the Tabernacle in Cameron several times and has visited Altwein in his cell here after he was convicted.

Following is the letter:

"Dear Brother Johnnie:

"You asked if I could give a message for the young folk. I will try. My education does not give me the benefit of remarkable penmanship or writing knowledge. Well, all through my grammar school days I was a leader among my fellowmen, rather a bully, because I was the biggest and my oldest brother was a strong man in a circus and a boxer. But my leadership was always to be the wrong attitude. I was in one scrap after another. My poor mother was distracted. At last I was twenty-one and a boxer and as tough as they make them. In fact I spent my 21st birthday in jail for a drunken brawl. A preacher came to jail and I had a feeling that he was right so I prayed and asked God to help me and I walked out free in a few days. Then I was put in for theft and everyone said I was going to the pen, but I got on my knees and asked God to help me and to the astonishment of everyone I was freed. Then I forgot God. I roamed all over U. S. A., drinking and living a dishonest life, married a couple of times but drink separated us.

"I came back to Temple, my home

town, in 1935 and began working for my oldest brother, who was always my idol. We were rock masons. I'd receive 50 cents an hour and when I'd get paid on Saturday nights I got drunk and go to a dance and almost every Sunday morning I awoke in jail. I'd pay my fine and go back to work as nothing had ever happened. You see, I thought I was just about it, good job, good trade, good clothes, plenty of girl friends and welcome in all beer joints.

My brother and I got on a government job as rock masons. He was the superintendent and he hired me as a foreman. I was just about it; 27 single, with a government job and good pay. One night we planned a fishing party and we had plenty of beer and during the fracas my brother and I got into an argument and he came at me with a knife and I had a shot gun and I shot him. God knows I didn't mean to kill him, but that vile beer had numbed my brain, and I was tried and convicted and sentenced to 20 years in the pen.

Young girls and boys look at me, a young man 27 years old, healthy and nice looking. I have to serve 20 years in the pen among hardened criminals, hard work. I will be going down hill when my time is up. Please try to use my life as a lesson. You don't have to drink to have a good time. When you start to take a drink try to remember if I had not started I would not be where I am. I have traveled every bit of the rough road and take it from some one who knows, it don't pay. If I had gone to church and Sunday School instead of dance and beer parlors my poor old mother would be happy today, and I would be free and the brother I idolized would be living today and I would be working by his side.

Boys, when we get drunk and the law puts us in jail, we think they are hounding us and are unkind. We get a grudge for the law. They are trying every way possible to show you that crime don't pay. Please take heed of their warnings and respect them. As I set here behind bars I can see your faults clearly. Please try to see your faults before you get in such a place. I have been in quite a few jails and I want the citizens of Milam County to know that they have an honest, white, home-loving sheriff and I have been here three months and know his deputies are reliable and very kind. I have never seen a prisoner taken advantage of. I will always have a good word for the present laws of Milam County and boys bear in mind It Don't Pay."

TIME CHANGES

The old time country doctor with his saddle bags is almost a thing of the past. He was a mighty welcome asset in his day.

During those days you dropped into a drug or jewelry store and fitted yourself with a pair of glasses.

Things are different now. You want someone who is capable to examine your eyes and give you the proper correction for each eye.

With new and improved instruments it is no longer guess work in fitting the exact lenses you need.

Be It Resolved By the Legislature of the State of Texas:

Section 1. That Section 11 of Article IV of the Constitution of the State of Texas be amended so as hereafter to read as follows:

Section 11. There is hereby created

a Board of Pardons and Paroles, to be composed of three members, who shall have been resident citizens of the State of Texas for a period of not less than two years immediately preceding such appointment, each of whom shall hold office for a term of six years; provided that of the members of the first board appointed, one shall serve for two years, one for four years and one for six years from the first day of February, 1937, and they shall cast lots for their respective terms. One member of said Board shall be appointed by the Governor, one member by the Chief Justice of the supreme Court of the State of Texas, and one member by the presiding Justice of the Court of Criminal Appeals; the appointments of all members of said Board shall be made with the advice and consent of two thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that theretofore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

In all criminal cases, except treason and impeachment, the Governor shall have power, after conviction, on the written signed recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and reasons therefor, and shall have authority to enact parole laws."

Section 2. The foregoing constitutional amendment shall be submitted to the electors of this state who are qualified to vote on proposed constitutional amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words:

"For the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to the recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature.

"Against the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations

and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Section 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.
